

Dear Parents/Carers,

Our school is investing great time and effort in becoming sustainable. It would be wonderful if we could involve our community in our initiative.

If we get enough volunteers your commitment will be minimal.

The Eager Environmentalists and I are appealing for help in the following areas.

- Returning soft plastics to the Woolworths and
- Returning recyclable containers to the return and earn centre in Phillip.

We would call you when we require your assistance with returning the plastics and containers.

We will be holding a produce stand on Monday 2nd March before and after school. Produce will be available for purchase for a gold coin donation.

Please email leah.malpas@cg.catholic.edu.au or contact the school if you are able to help us with our Sustainability practices.
